

**ATTI RATNAWIATI**

**Atti Ratnawiati** is a pharmacist and a staff of Badan POM, Indonesian Drug and Food Regulatory Authority. Atti has been working with the clinical trial section since 2004. She started as a clinical trial evaluator and a GCP inspector, and today she leads the Clinical trial section.

Atti has been involved with World Health Organization Global Learning Opportunities (WHO GLO) since Badan POM was first assigned as one of World Health Organization Global Learning Opportunities learning centre in 2008.

By sharing her knowledge and experience on GCP, Atti hopes to encourage all key players to conduct clinical trials in accordance with GCP.
